

SCHEDULE OF CONTRIBUTIONS, CHARGES AND OTHER OPTIONAL COSTS

The School Board has endorsed the schedule of Contributions and Charges for 2021.

Financial support provided by parents has always played an enabling role in the provision of resources that extend the school's capacity to add value to students' learning experience. For example, parent contributions allow schools to provide class sets of text books instead of students having to provide their own.

1 Voluntary Contributions - \$60

Applies to all students Kindergarten to Year 6.

2 Charges and Other Optional Costs

The participation of a student in an extra cost optional activity is conditional on payment of the costs of that activity. You will be requested to make payment for each activity as it approaches.

The amounts below **are indicative only and is the maximum amount** that families can be requested to pay in a school year if students are participating in each particular activity.
